

Song Chart: Live

This is a chart that documents all of the songs that Allan Jones sang live in concerts and over the radio. These are songs that have not been recorded and have not been released to be purchased in record format. The one exception is the songs that Allan Jones sang with Woody Herman on the “Old Gold Show,” which are available to buy on CD (see discography).

The chart will grow as we obtain more information. If you know of any songs that are not listed or can fill in any missing information, please contact me.
